Cancer Romance Scope - Female

[Previous Day](#) - [Next Day](#)

Thu Sep. 4, 2003

by [Astrocenter.com](#)

Passion may be found, or rather uncovered, at home today. The day's celestial configuration brings your love to their senses as far as you are concerned. You seem to have them twisted 'round your little finger and answerable to your every whim. Perfect, except that you, too, like to feel useful - so go make some soup and massage them with essential oils. The day will be very memorable.
